SPECIFICATIONS

Our S-LW line is a premium ultra low-weight multi-curved plate for use in conjunction with NIJ IIIa soft armor.

The plates are made with high-end polyethylene and are manufactured under extreme pressure.

The plates are very drop resistant and are covered with a liquid-repellent Cordura cover, which protects the ballistic properties against water, oil and similar liquids.

The plates have a thickness just 13mm.

7-year ballistic warranty.
